Current & YTD Upgrade Details

www.horizon-software.com/download/SCPS_Revisions_Current-YTD.pdf

Current Upgrade Summary

SCPS Version 13.7v1

- **Horizon Screen:** Improved On-Line Subscription Renewal Code request system
- **Terminal Server:** Keep TS User SCPS open at all times
- **Master Prefs/Other/Misc2 - All Home Buttons:** Option to turn off the Home Button - Fast Exit pop up
- **Proposal/Print Menu:** Auto Fix Proposal Total vs Payment Total Imbalance
- **Proposal/Pending CO/Areas & Products:** Button to View Product Detail when clicking on Qty
- **Master Project/Print Menu/Projects:** Reconciliation Report now has a Project Mode
- **Project Manager/Product History:** New Export Option (DBF) to open file in Excel
- **Product Library/Product Line List:** Redesigned Product Line List Screen
- **Product Library/Product Detail:** Redesigned Product Detail Screen
- **Product Library/Product Detail/Parts & Wire:** Redesigned screens
- **Product Library/Product Detail:** Phantom Product Enhancements
- **Product Library/Product Detail:** Inventory Control access from this screen that shows just this product.
- **Product Library/Inventory Control:** Redesign Inventory Control screen

Terminal Server: Keep TS User SCPS open at all times

By entering a User Name of a SCPS Log In Iteration, SCPS will keep that SCPS open, even if other users stay on their Log in screen to long and cause SCPS/FileMaker to Exit on a Terminal Server.

Go to: Master Prefs/Other/Counters screen and enter the User for SCPS on the Terminal Server to override the Auto Exit feature.

Master Prefs - Other - Counters		?
		Done

Counters

Proposals	2837	2837 is the highest proposal number so far

Custom Proposal System Access

Enable direct access to CPS ☒

Please contact Horizon if you wish to have access to your old CPS Proposals

Users must have the CPS 7.9v1 or later files in the "SCPS #" folder along with the SCPS data files. FileMaker Pro Server users must not have more than 50 fp5 files in the Pro Server folder.

Users must have the Enable CPS checkbox checked on this screen in SCPS and the Enable SCPS checkbox checked in the CPS/Setup/Other Defaults 1 screen.

When upgrading SCPS, users must copy all of the files, with names that begin with cps, from their current SCPS folder and paste them into their new SCPS folder.

☐ Display CPS Labor and Phase on Product Library: Labor Detail & Detail List

Master User Lock

Enable Master User Lock ☐

Checking the Master User Lock enables only the User specified in each Proposal/Project Utility/Admin screen, to access that Proposal/Project.

RCMS Files

RCMSIkup.fp5

RCMSmpup.fp5

Do not Open RCMS Files ☐

Bullet Points for Custom Layouts

☐ Overview Bullet Points

Proposal/Print Menu: Auto Fix Proposal Total vs Payment Total Imbalance

If the Proposal Total does not equal the Payment Plan total SCPS will attempt to automatically adjust them to equal \$0.

If the imbalance still does not equal \$0, you will be asked to manually fix it, but the auto fix should almost always fix it for you.

Description
Reference Subwoofer

Proposal Comment

Features
Reference Series powered subwoofers shatter your expectations for deep, driving bass by playing louder and going deeper than significantly larger designs, creating the most dramatic, intense bass you've ever heard or felt. Designed from the ground up for class-leading, room-filling low-frequency performance, the RSW-10 is sonically, cosmetically and technologically matched to the Reference Series

Product Library/Product Detail: Phantom Product Enhancements

A Phantom Product is Not a normal inventory item. It is made up of "Parts", which add up to the Phantom Product SELL Price.

A Phantom Product must have a Class = "Product" and NOT "Part" or "Wire".

A Phantom Product can be set to any Product Group and the Group Assigned Parts & Wire can be turned OFF if desired.

You can add additional Labor and Wire to a Phantom Product and they are treated as normal Supplements.

The Total Labor of a Phantom Product is the Product Labor, the Parts Labor and the Wire Labor.

Price section now shows Parts Costs, Labor Time and Labor Sell

Make Klipsch ?

Model RC-35

QB Item-SKU

Finish Black Ash

Description Center Channel Speaker

Features

This center channel has been engineered to deliver all the detail, subtleties and dynamics required for the ultimate home theater experience. It delivers detailed, subtle and thrilling sounds through dual 6.5-inch woofers and a 1-inch tweeter that has a light titanium-dome diaphragm and a high-energy, video-shielded Neodymium magnet. The tweeter is coupled to an exclusive Klipsch square Tractrix® Horn that boosts the driver's already high sensitivity, while minimizing room interactions that cause a loss of sonic detail. Contemporary black wood grain vinyl finish.
